Strategic Talent Management in the Oil and Gas Industry

08 - 12 May 2017, Houston
10 - 14 September 2017, Abu Dhabi
11 - 15 December 2017, London
**INTRODUCTION**

Identifying, developing and retaining your talent has never been more important for the oil and gas industry with the ever changing economic market. An organisation’s best and most valuable asset is undoubtedly the people; as it’s the people who operate the systems, the equipment and who can really make the difference between growth or failure. Losing or not being able to recruit the best talent can have a disastrous impact on an organization’s growth and sustainability. This highly-interactive seminar will teach you the key talent management processes, systems and procedures in order to apply these in the multi-complex and diverse Oil and Gas industry.

On this Strategic Talent Management training seminar, you will gain insight into innovative talent identification methods, develop targeted grading structures, review and develop competency/behavioural frameworks as well as how to grade and assess your talent/high potentials with the effective use of psychometric tools and other assessment methods. In addition, you will define critical development options ensuring the correct development for talent in the organisation. You will also learn how to create sustained growth through active succession planning and strategy in order to ensure positive career paths and development for talent and high potential employees.

**The seminar will highlight:**

- Alternative and new perspectives around talent management and high potential identification
- Methods and techniques of aligning Business Strategy and Talent Management in the complex multi-discipline Oil and Gas industry
- Appropriate process and systems to identify, develop and retain your talent and high potentials
- Pro-active development strategies to ensure your talent and high potential achieve their optimum performance
- Strategic direction to optimize your talent and high potential pipeline in your organization to provide continued sustainable growth
- Succession planning as a key differentiator in an organisations’ success and how this is achieved.

**OBJECTIVES**

In this training seminar, you will learn to:

- Understand the mechanisms to define talent, as well as manage your talent and high potential
- Develop key strategies to optimize your talent and high potential employees
- Engage and employ robust talent strategies within the complex multi-discipline oil and gas industry
- Produce develop effective and functional succession planning strategies
- Lead and manage OCR (Organisational Capability Review) meetings to ensure pro-active succession for sustained growth

**TRAINING METHODOLOGY**

This training seminar will combine tutor-led presentations with highly interactive case-studies, relevant and thought provoking exercises, practical demonstrations and facilitated discussions. Delegates will be encouraged to participate actively in relating the principles of talent management and high potential development to the particular needs of their workplace.
